9:15 AM | FACILITATED DISCUSSION: INTERDEPARTMENTAL WORKING GROUPS

Discussion Questions:

- Have you ever used change and performance management models? If so, what has your experience been and how would you envision your municipality using them in a racial equity context?
- What are some types of racial equity projects that you could imagine working on in a 6-month course that blends technical skill building, coaching, and peer support?
- What have been the most impactful professional training programs you have participated in, and what made them useful to you?
- What would be the most tangible outcomes for your own personal professional growth?
What would be the most tangible outcomes for your organization's growth?
