## **9:10 AM | FACILITATED DISCUSSION: HUMAN RELATIONS COMMISSIONS**

---

### **ICE-BREAKER:**

- Do you currently have any commissions that focus on DEI-related work in your community? If so, what do they do? (This could include commissions that focus on a specific demographic group; events celebrating culture, heritage, or diversity; community relations generally; social services; discrimination complaints; etc.)

### **Discussion Questions:**

- How do these commissions determine their role or define their objectives?
- How are participants selected to serve on the commission?
- How have these commissions helped the municipality with DEI-related goals?
- What are the challenges of working with commissions on DEI tasks?
